AGM 2015

This is a quick reminder that the AGM is being held on Wednesday 9th Dec 2015. Any item that members would like included on the agenda should be sent or given to The Secretary Neil Goodwin or any other committee member by 18th November. Any proposals for next year's committee should be given (proposed and seconded) by 25th November. Please, remember that there is no Any Other Business at an AGM. There may be a general discussion after the meeting is closed. At the moment there are just a couple of points where approval is needed for amendments to the constitution. This can only be done at an AGM. As it is a second Wed in the month it is our normal indoor flying time so bring that indoor jobbie along for afterwards.

ANNUAL DINNER AT THE ANCHOR

No harm in having another reminder as there are still a few days left for us to give our menu choices to the kitchen. As has been the case on previous years, we will be giving the Club's Prize Cups out during the evening. By the way. It is The Anchor at Great Barford near the old bridge and not the Anchor at Tempsford that advertises the Vanilla Experience!!!!

I am sure I don't know that means.

NEWSLETTERS

The committee is very aware that there are just a few members who do not have email. I think we know these. Unfortunately, and often after some time has passed, we find someone is not getting any newsletters. I came across a member the other day who has not been getting one for almost a year. Unfairly we get blamed only to find that he has changed his email address and told nobody.

It is a bit like that schoolboy joke in asking "put your hand up if you are not here" . . . Come fellows, if you know someone who has missed out on messages or just club chat, do let us know. We can, and will, always post a copy on to you.
